

2-Stroke

510 2T

Synthetic-blend with new anti-smoke properties, 510 2T is a special formula for intown and off-road 2-stroke engines. Can be used in all injector and premix systems. 510 2T dramatically reduces deposits within engines and exhaust pipes. It also reduces the sticking of piston rings. 510 2T is JASO FC approved.

SPECIFICATIONS**Product**

510 2T

Feature

Semi-synthetic, mixes easily with gasoline. Reduces internal engine foul with special anti-smoke properties.

SAE/DOT Standard
—**Specification**

API TC/TSC3, JASO FC & ISO-L-EGD

Maker's Approval
—**Compatibility**

Road and off-road motorcycle. Injector and premix lubrication
